

## ABOUT ALUSIGNPANEL

### Factory in Wenzhou city

Aluminum Composite Panel (ACP)  
Professional manufacturer since 2000

### National High-tech Enterprise

To make your trustful brand of Aluminum  
Composite Panel - "**ALUSIGNPANEL**"

### 12 Production Lines

ACP Daily output over 35,000 Square meters  
High stable quality & Fast delivery time

## ABOUT ALUSIGNPANEL

### 6 ACP Production Lines

Aluminum Composite Panel  
Daily Output over 30,000 Square Meters

### 1 ACCP Production Line

A2 FR Aluminum Core Panel  
Daily Output 5,000 Square Meters

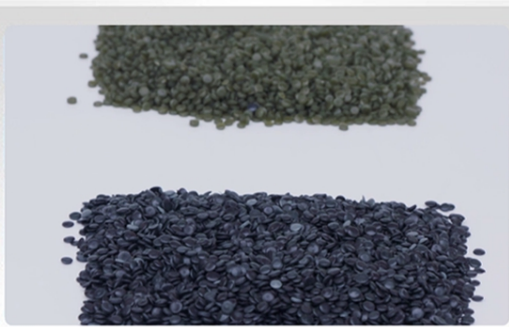

### 2 Coating Lines

PE Color Coated Aluminum Coil  
Monthly Output 1,200 Tons

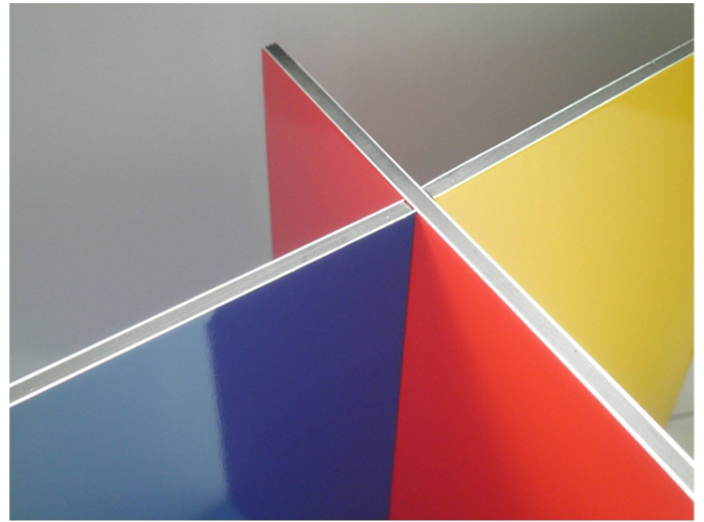

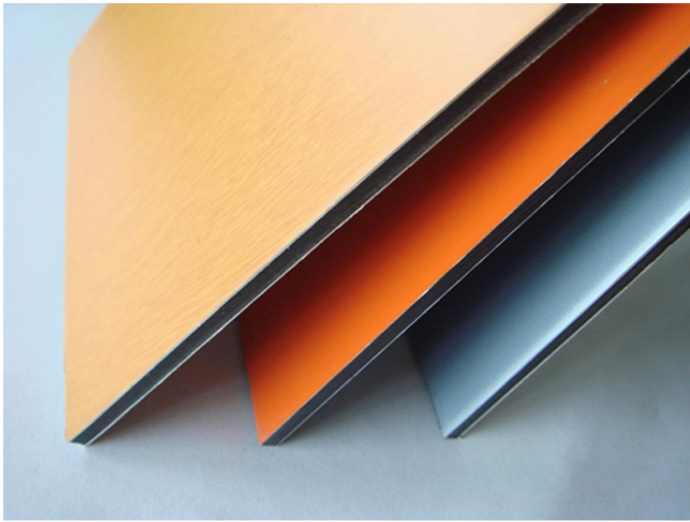

### 3 Polyethylene Plastic Production Lines

To supply a top-quality on raw material

## ALUMINUM COMPOSITE PANEL

### ACP

- ① ALUSIGNPANEL Protective Film
- ② Top Aluminum Skin with PE/PVDF coating
- ③ Polymeric membrane
- ④ Standard LDPE Core & Optional FR Core
- ⑤ Polymeric membrane
- ⑥ Bottom Aluminum Skin with service coating

## ALUMINUM COMPOSITE PANEL

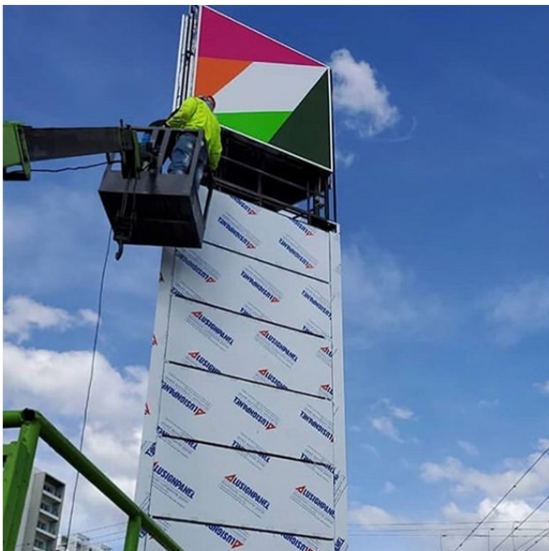

### Main Specification

Panel Width	1220mm / 1250mm / 1500mm
Panel Length	standard 2440mm or upon request
Panel Thickness	2.0mm ~ 6.0mm, popularly 3mm, 4mm
Alu. Skin Thickness	0.06mm ~ 0.50mm, popularly 0.21mm, 0.30mm, 0.50mm
Coating	Polyester (PE) or PVDF Kynar
Core Material	LDPE or FR Core
Colors	factory color chart or upon request
Standard Size	1220mm * 2440mm ( 4' * 8' )
